

# CARPETA EMPRESA – ACCESS GUIDE ANDROID

## 1. Download test certificate

1. You must access the following link  
[https://desarrollo.juntadeandalucia.es/sites/default/files/2024-10/Certificados\\_pruebas\\_todas\\_CAs-\\_0.rar](https://desarrollo.juntadeandalucia.es/sites/default/files/2024-10/Certificados_pruebas_todas_CAs-_0.rar)
2. A compressed file in .rar format will be downloaded.
3. Extract the file located in the path “Certificados\_pruebas\_todas\_CAs-\_0.rar\AC Representación\Certificados pruebas Representante\Nuevos perfiles No SMIME\FNMT\_PER\_JUR\_NOSMIME.p12”
4. This will be the certificate that you must install in your mobile device.

## 2. Certificate installation

1. Click on the certificate.
2. The “**Certificate installer**” will open and will ask for a password. The password must be entered: **1234**
3. On the next screen, select the “**VPN and apps**” option and click “**OK**”. A message should appear indicating that the certificate has been installed.

### 3. Access to the application with digital certificate

Once the digital certificate has been installed in the device, “Carpeta Empresa” application must be opened. A welcome screen will be displayed and finally the access screen will appear. Once in this screen, the following steps must be followed:

1. Select the “**Certificado Digital**” option and choose the “**00000000T NOMBRE APELLIDOUNO..**” certificate.
2. Once you have clicked on “**ALLOW**”, you will be asked for an access pin for the application. Choose the one you want.
3. The application home screen will open.
4. Start testing.
